DARKROOM FILMS, PAPERS & HARDWARE

We have some stock of the now obsolete Ilford MGIV papers and a few units of the classic Nova Darkroom Print Processor and washers.

Many of the films will all have exceeded their original expiry dates but have been stored correctly.

The Nova products will need final testing before leaving our building and so call Steve to discuss how long and what condition they are in.

PHOTO PAPER ROLLS & SHEETS - INKJET

Over the years, we have amassed a selection of media from several different brands which are now obsolete, over-stocked or just slow-moving stock.

Some of the outer boxes may have been opened or have been damaged slightly but all the contents will be as stated and in a 100% useable condition.
